

1.2.3.2 Action Icons

The icons available and exactly what they do when you click them are based on your user Role.

-  View: Click to see details for the object the icon is associated with
-  Edit: Click to change details for the object.
-  Set Role: Click to assign a Role for the user within the Study.
-  Remove: Click to remove the object.
-  Restore: Click the Restore icon to restore an object that was previously removed. (The icon appears only after object has been removed.)
