3.8.3 View Site Information

To view information about the current Site, click the Site name link in the Other Info sidebar panel or at the top of the page. The view Study Metadata page opens, showing information for the current Site.

To view all Sites assigned to the current Study and access information for each Site:

1. [Change the current Study](#) to the Study whose Site information you want to access.
2. Select Tasks > Build Study.
   The Build Study page for the current Study opens.
3. In the table, for Create Sites (Task 6), click the View icon.
   The Manage All Sites page for the current Study opens, listing a summary of information for each Site in the Study.

Manage All Sites in Study Docetaxel in Patients With Completely Resected NSCLC ⓘ
